**Appropriate Authority: Cambridgeshire**

**Reporting Period: 01 April 2021 - 31 March 2022 (Q4 2021/22)**

**Most Similar Force (MSF) Group: Avon And Somerset, Cambridgeshire, Devon And Cornwall, Gloucestershire, Staffordshire, Thames Valley, Warwickshire, Wiltshire**

## About this bulletin

This bulletin presents information about complaints defined under the *Police Reform Act 2002 (PRA 2002)*, as amended by the *Police and Crime Act 2017*. The new legislation came into effect on 1 February 2020 (4 January 2021 for the British Transport Police).

It sets out performance against a number of measures and compares force results to their most similar force (MSF) group and with the overall result for all forces (national).

Data relating to complaints made prior to 1 February 2020 will be reported separately and in line with the previous performance framework

Please note: Data regarding complaints handled outside of Schedule 3 is extracted from a different system by Bedfordshire Police, Cambridgeshire Constabulary & Hertfordshire Constabulary than by other forces. This data is currently considered experimental, therefore the data may not offer a direct comparison with other forces.

As reported in the Annual Police Complaint Statistics, data for 2020/21 was considered experimental. Due to this, 'Same Period Last Year' figures are not contained in this bulletin.

It shows how long, on average, it takes from the customer's perspective from when they made the complaint and the force's performance of the initial handling from when it received the complaint.

Complaint cases with 'invalid dates' have been removed from timeliness measures. Please refer to the performance framework counting rules and calculations on the [IOPC website](#) for explanations of customer perspective, initial handling and invalid dates.

This section presents information that shows what people are complaining about using a combination of allegation categories and factors. Categories capture the root of the dissatisfaction expressed in a complaint. Factors capture the situational context of the dissatisfaction expressed in a complaint. The combination of categories and factors provides a richer picture of what people are complaining about compared to the categories alone.

Each allegation should have a single category selected. However, multiple factors can be selected on a single allegation. Therefore, the sum of factors will not equal the total allegations logged in each category. Please refer to our [Guidance on capturing data about police complaints](#) for definitions of categories and factors.

## Section A2: Allegations timeliness

Average number of working days to finalise allegations	Force	MSF Average	National
Outside of Schedule 3	18	24	21
Under Schedule 3 - not subject to investigation	53	88	84
Under Schedule 3 - by local investigation	134	138	134
Under Schedule 3 - by directed investigation	0	0	0
Under Schedule 3 - by independent investigation	121	79	231

This section presents the time it takes the force to finalise allegations by how they were handled. It gives a breakdown of allegations handled informally outside of Schedule 3 and those that were handled formally by either by investigation or handled other than by investigation. Timeliness is calculated from the date the allegation was received by the force.

At present, allegations finalised by directed investigations are being included under 'local investigation'. This breakdown will be available in future bulletins.

Allegations with 'invalid dates' have been removed from the data shown. Please refer to the performance framework counting rules and calculations on the [IOPC website](#) for an explanation of invalid dates.

## Section A3.1: How allegations were handled and their decisions

This section presents a breakdown of how allegations were handled information and the decisions being given. An allegation decision is logged for each allegation finalised.

The allegation decision reflects how the complaint case has been handled, with different decisions available for the different means of handling. Both the allegation decisions and the subsequent actions available will depend on two things: firstly, whether the complaint case has been handled outside or under Schedule 3; and secondly, the means of handling where it has been dealt with under Schedule 3.

Please refer to our [Guidance on capturing data about police complaints](#) for details of allegation decisions.

How allegations were handled	Force No.	Force %	MSF Average No.	MSF Average %	National No.	National %
Under Schedule 3 investigated (not subject to special procedures)	362	18 %	578	18 %	16,923	14 %

Please note that figures presented in these tables may be under-representing the number of allegations finalised under Schedule 3 and investigated (not subject to special procedures), instead grouping some of these allegations as finalised under Schedule 3 and not investigated. This is because police forces were not able to consistently and accurately collect this data on their systems until the implementation of an upgrade from November 2020.

The data shows how long investigations have been open (active) at the end of the period being reported. Also, the time it takes for allegations that have been investigated to be finalised. Allegations with 'invalid dates' have been removed from finalised timeliness. Please refer to the performance framework counting rules and calculations on the [IOPC website](#) for an explanation of invalid dates.

## Section B2: Investigations (by type of investigation) - timeliness

This section presents information about complaint cases handled under Schedule 3 that are investigated, by the type of investigation. It covers complaint cases investigated by both the force and the IOPC.

The data shows how long investigations have been open (active) at the end of the period being reported. Also, the time it takes for allegations that have been investigated to be finalised by the type of investigation. At present, allegations finalised by directed investigations are being included under 'local investigation'. The IOPC is working with force IT suppliers to ensure that reporting on this is possible in the future.

Allegations with 'invalid dates' have been removed from finalised timeliness. Please refer to the performance framework counting rules and calculations on the [IOPC website](#) for an explanation of invalid dates.

Decision: Invalid	0	0%	1	1%	31	1%

**Average number of working days to complete referrals by quarter**

The figures presented in this section include all referrals that the force makes to the IOPC (received), not just those arising from complaints.

When the IOPC receives a referral from the force, it reviews the information they have provided. The IOPC decides whether the matter requires an investigation, and the type of investigation.

Referrals may have been completed in a different period to when they were received.

Where a referral is made by the force on a mandatory basis but does not meet the mandatory referral criteria, the matter may not fall within the IOPC's remit to assess and will be determined invalid.

The sum of decisions may not match the number of referrals completed. This is because some matters referred may have come to the attention of the appropriate authority before 1 February 2020 and have investigation type decisions of either managed or supervised.

Where a complaint has been recorded under Schedule 3 to the *Police Reform Act 2002*, the complainant has a right to apply for a review. A person can apply for review if they are unhappy with the way their complaint was handled, or with the outcome. This applies whether the complaint has been investigated by the appropriate authority or handled otherwise than by investigation (non-investigation). The application for a review will be considered either by the local policing body or the IOPC; the relevant review body depends on the circumstances of the complaint.

This section presents information about applications for review handled by both local policing bodies and the IOPC.

Information about the right of review and who is the relevant review body is available in [chapter 18 of the IOPC’s Statutory Guidance on the police complaints system \(February 2020\)](#).

Reviews with ‘invalid dates’ have been removed from reviews timeliness. Please refer to the performance framework counting rules and calculations on the IOPC website for an explanation of invalid dates.

## Section D3: Decisions on reviews

### % LPB reviews found outcome not reasonable and proportionate

	Force	MSF Average	National
Investigation	0	17	27
Non-investigation	6	24	15

### % IOPC reviews found outcome not reasonable and proportionate

	Force	MSF Average	National
Investigation	39	21	31
Non-investigation	0	24	37

### % LPB reviews resulting in...

	Force	MSF Average	National
Recommendation made	50	87	89

### % IOPC reviews resulting in...

	Force	MSF Average	National
Recommendation made	0	1	2
Direction	15	20	22
Extra work commissioned	5	13	1

This section presents information about the decisions made on reviews by local policing bodies and the IOPC. It includes the proportion of reviews where the relevant review body found the outcome of the complaint was not reasonable and proportionate and those that resulted in a recommendation and, if necessary, a direction to the appropriate authority in respect of any person serving with the police.

The percentage of reviews the relevant review body determines to be not reasonable and proportionate excludes any reviews that were deemed invalid. Invalid reviews may, for example, include applications that were made outside of the 28 day period to submit an application. Some caution is advised when looking at the percentage of reviews that found the complaint case outcome was not reasonable and proportionate due to the sometimes small number of reviews involved.

Where the IOPC does not have enough information to decide on a review of a police force investigation, they are able to request that the force undertakes further work to gather additional evidential material. This is known as commissioning further work. The proportion of reviews completed where additional work was commissioned are shown in this section.

This section presents information about what happened as a result of the allegation (action). Actions are captured at allegation level and multiple actions can be selected, where appropriate, on single allegation. The figures shown in this section are based on allegations on finalised complaint cases that resulted in the corresponding action. As more than one action can be selected for a single allegation, the sum of all percentages will not equal 100%.

The actions available once an allegation is finalised depend on how the complaint case has been handled. Please refer to our [Guidance on capturing data about police complaints](#) for details of actions available.

Please note: not all of the available actions arising from the complaint handling are shown. The actions presented in this section are those that focus on putting an issue right and preventing it from happening again by encouraging those involved to reflect on their actions and learn.

## Section E2: Focus on RPRP, UPP, misconduct and criminal outcomes (for complaint cases handled under Schedule 3)

### RPRP and learning

This section focusses on what happened as a result of the complaint case (action) in relation to RPRP, UPP, and a case to answer for misconduct.

Actions are captured at allegation level and multiple actions can be selected, where appropriate, on a single allegation.

The figures shown in this section are based on allegations on finalised complaint cases that resulted in the corresponding action.

As more than one action can be selected for a single allegation, the sum of all percentages will not equal 100%. More than one UPP, RPRP, misconduct meeting and misconduct hearing can result from a single allegation, therefore the numbers shown do not represent the number of these processes which occurred in the period.

## Notes

### Data sources

- Data in this bulletin is taken from XML data submissions made by forces to the IOPC every quarter except for IOPC performance data which is taken from the IOPC case management system.
- Police force employee numbers are taken from the latest [police workforce England and Wales statistics](#) published by the Home Office.
- The most similar force (MSF) groups used for the calculation of the MSF averages in this bulletin are those determined by HMICFRS. Please note that the British Transport Police and City of London Police do not have an MSF group. A list of the MSF groups is available on the [IOPC website](#).
- Figures for City of London include complaint cases logged in relation to 'Action Fraud'. Action Fraud is the UK's national reporting centre for fraud and cybercrime. The service is run by the City of London Police, which is the national policing lead for economic crime.

### Performance Framework counting rules and calculation

- The counting rules and calculations used to produce the data shown in this bulletin can be found on the [IOPC website](#).
- Average times are presented in working days and do not include weekends or bank holidays.
- Some percentages may add up to more or less than 100% due to rounding.
- Complaint cases and allegations with invalid start/end dates have been removed from average time calculations. Therefore, the numbers of complaint cases and allegations used in the average time calculations may be lower than the total number of complaint cases and allegations logged or finalised.

### Data constraints

- The data is sourced from live case management systems and provides a snapshot of information as it was at that time. Therefore, there may be variances between the information in this bulletin and information reported at a later date.
