Ref 5025271 Back to top	Referrals relating to prior police contact	
<u>Request</u>	Under the Freedom of Information Act 2000, I would like to request the following information:	
	- In 2023, how many constabularies were referred to the IOPC on the basis of 'prior contact'?	
	- Can you identify the forces and the reasoning for that year?	
	- In 2024, how many constabularies were referred to the IOPC on the basis of 'prior contact'?	
	- Can you identify the forces and the reasoning for that year?	
<u>Response</u>	We have considered how we could go about identifying matters that were formally referred by police to the IOPC on the basis of 'prior contact' with police, given that this is not a referral category applied by the IOPC or police.	
	One of the matters that must be referred to the IOPC is a "death or serious injury matter" or 'DSI'. This is defined in section 12(2A) of the Police Reform Act as a matter which is not the subject of a complaint and does not amount to a conduct matter in which a person has died or suffered serious injury and has either been detained by police or:	
	(a) at or before the time of the death or serious injury the person had contact (of whatever kind, and whether direct or indirect) with a person serving with the police who was acting in the execution of his duties; and	
	(b) there is an indication that the contact may have caused (whether directly or indirectly) or contributed to the death or serious injury.	
	Incidents involving previous contact with police that may have in some way contributed to a death or serious injury therefore fall within the definition of a DSI matter. This appears to us to be the category of referral we record on our system that most closely approximates to matters referred on the basis of 'prior contact'.	
	Please see attached a table of data showing the numbers of DSI referrals received in the calendar years 2023 and 2024 separated by police force. We would draw your attention to the caveats in the table.	
	You have also asked for "the reasoning", which we have understood as a request for the reason why each matter was referred. As matters that meet the definition of a DSI under section 12(2A) PRA must be referred to the IOPC, this would explain why they have been referred.	
	If instead you require a summary of the incidents in each of these referrals, the section 12 FOIA cost limit would apply to the work involved in extracting this information. As 3,264 DSI referrals were received in 2023 and we	

cannot extract incident summaries usin the manual exercise of producing this in more than an average of about 20 seco £450/18 hour cost limit that applies to the achievable, meaning that the cost limit interpretation of your request.	nformation would have to take no onds in each case to stay within the he IOPC. This would not be
In general, the only reliable data we are incident types is held within our <u>'deaths</u> research series. An example of the type deaths statistics is the data we provided 'Investigations relating to deaths involvi domestic abuse'. This is on our website Independent Office for Police Conduct	during or following police contact' e of incident that we report on in our d under a previous FOI response on ing previous police involvement on e here: <u>Disclosure log - June 2024</u>
We may therefore be able to provide so if you were to focus your request on on types in our deaths statistics. We would categories are applied only to death may not to DSL referrate more generally.	e or more of the 'reason for contact' d emphasise, however, that these

	Salary calculations are based on 37 hours per week. The formula we use to calculate hourly rate is annual salary/52 weeks/37 hours.
	7. Weeks Per Year: Confirm whether salaries (hourly rates) are calculated based on 52 weeks per year, 52.2 weeks, or another arrangement.
	Salaries are calculated based on 52 weeks per year.
	8. Annual Leave: Confirm annual leave, public holiday, and privilege holiday entitlements for all grades (including retained grades). Specify any mechanisms for leave increases (e.g., one additional day per year up to a maximum, or increases after a set number of years).
	Newly appointed colleagues working full time are entitled to 27.5 days (203.5 hours) annual leave per year. This increases by one day (7.40 hours) each year for every year of service, up to a maximum of 32.5 days (240.5 hours). Leave will be paid at the colleague's current rate of salary.
	Long-serving colleagues will be given an additional day of leave within their tenth year of service, for that year only.
	9. Overtime Arrangements: Confirm overtime pay arrangements for all overtime scenarios (e.g., weekday, weekend, public/privilege holidays).
	Provisions for employees who are required by line manager to work overtime e.g. where employees are required due to the nature of an investigation to complete work within a limited time
	When employees are required to work overtime at the request of their line manager, the following overtime rates will apply to employees up to Grade 13a.
	Overtime worked Monday to Sunday will be paid at 1.5 x Plain Time Rate (PTR). Premium rate Normal is for working for public and bank holidays is paid at 1.5 x PTR, plus a day for TOIL at flat rate.
	Premium rate No Toil is for working for public and bank holidays is paid at 2.5 x PTR, but there is no day for TOIL.
	If an employee would prefer to take TOIL for overtime worked as described in 2 above and managers have agreed to this, TOIL will be taken at flat rate time and must be taken by the end of the eighth week following the week in which the overtime was worked.
	Provisions for employees volunteering to work overtime e.g. where employees volunteer to work overtime having been asked by managers to work overtime but where the employee has the discretion to refuse to work it. The following applies up to Grade 13a.
	In all instances authorised overtime should where possible be covered by flat rate TOIL, to be taken by the end of the eighth week following the week when the overtime was worked.
	If it is impracticable to operate TOIL the line manager can agree t pay the employee overtime at 1.5 x PTR to the availability of the budget.

Given the number of records involved, such activities would clearly exceed the cost limit as prescribed by section 12 of the FOIA and associated regulations, which equates to 18 hours of work, with the result that we are not required to carry out this work. A search of the investigations section of our website using key words ' <i>drug</i> <i>related</i> ' yields the following results: <u>Investigation summaries</u>   <u>Independent Office</u> <u>for Police Conduct (IOPC)</u> and a search using the key words ' <i>organised</i> <i>crime</i> ' produces the following results: <u>Investigation summaries</u>   <u>Independent</u> <u>Office for Police Conduct (IOPC)</u> and using ' <i>criminal gang</i> ' provides the following results: <u>Investigation summaries</u>   <u>Independent</u> <u>Office for Police Conduct (IOPC)</u> These results may form a starting point to identify investigations that could be relevant to your enquiries. We should explain however that we do not publish summaries relating to all of our investigations.
Ref 5025290 Back to top	Public Complaints relating to Norfolk Constabulary
<u>Request</u>	In the financial year April 2022 to March 2023, it's stated in your bulletin for Norfolk Constabulary there was 107 referrals to yourselves from Norfolk Constabulary. Of the 107 referrals, how many of the complaints are complaints made by members of the public. Please supply any information you hold which is disclosable regarding levels of non compliance with the legal requirement to record complaints when asked, broken down if possible by Police force."
Response	You asked for the number of the 107 referrals from Norfolk Constabulary in 2022/23 that were based on complaints from members of the public. We have filtered the received referrals during his period using the 'Current Case Type' field where the value is 'Complaint'. There were 41 referrals received as a result of a complaint for Norfolk Constabulary during this period. However this equates to 38 cases as in three cases there was a re-referral of the complaint. This means a matter was re-referred following our initial mode of investigation (MOI) decision and a further MOI decision was then made. This can happen due to further relevant information coming to light regarding the complaint, after the initial referral. In each of the three cases our MOI decision remained the same. The following caveats should be taken into account in relation to this data: - The data is based on numbers of complaint referrals received by Norfolk Constabulary and completed by the IOPC in the period 1 April 2022 to 31 March 2023 inclusive; - The data considers overt referrals only; - The information is taken from live data and as such may differ from previously published data and statistics; - Complaint referrals do not necessarily involve misconduct by officers; - Case attributes and data entry is dependent on accurate data recording in the case management system by operational teams; - Data provided is for illustrative purposes only.

Ref	Misconduct of IOPC trade Union representatives		
5025299			
<u>Request</u>	Since the 2022 financial year how many cases of misconduct have there been by IOPC trade union reps?		
	What is your policy in dealing with misconduct by trade union reps?		
	Is the data you are supplying for all misconduct cases or those which are formerly recorded?		
Response	<ul> <li>There have been no internal cases of misconduct against IOPC trade union representatives. One external complaint was recorded under the misconduct regulations where a trade union representative was the subject of the complaint. The complaint was dispensed with as an abuse of the staff complaint process, so it did not proceed to the formal route.</li> <li>The IOPC Disciplinary and Dismissal policy states the following:</li> <li>5.3 Disciplinary action against a trade union representative <i>If it is proposed to take disciplinary action (beyond informal stages) against a trade union representative, this should not occur until a full-time official (e.g. a regional or national official of the trade union in question) has been given a reasonable opportunity to discuss the circumstances of the case with the manager of the investigation (with the exception of suspending the employee in a case of suspected or known gross misconduct).</i></li> <li>The data is with reference to formal cases. We cannot supply full information for informal cases as some data for this period would have been destroyed in line with current policy.</li> </ul>		
Ref 5025314 Back to top	Report on Janet Commins case		
Request	I am trying to locate a report which I believe the IOPC published in March 2019 into the investigation in 1976 by North Wales Police of the murder of Janet Commins, which resulted in the wrongful conviction of Noel Jones.		
<u>Response</u>	The report relating to this matter can be found on the National Archives website here: <u>Op_Willow_Final_report.pdf</u> . The summary and conclusions are available here: <u>Op Willow_Summary_of_IOPC_conclusions.pdf</u> All published information relating to this investigation can be found on the following page: [ARCHIVED CONTENT] Insufficient evidence to suggest North Wales Police breached disciplinary regulations in 1976 investigation into Janet Commins' murder [ Independent Office for Police Conduct		

<u>Ref</u>	HMRC referrals relating to a "disguised remuneration		
5025320 Back to top	<u>scheme"</u>		
<u>Request</u>	"Under the Freedom of Information Act, please can you confirm how many referrals HMRC has made to the IOPC where a customer has taken their own life and had used a disguised remuneration scheme.		
	Please can you also confirm how many referrals HMRC has made to the IOPC where a customer has attempted to commit suicide and had used a disguised remuneration scheme.		
	Please can you also confirm how many referrals HMRC has made to the IOPC where a customer has self-harmed and had used a disguised remuneration scheme."		
<u>Response</u>	The IOPC does not hold this information. This is because the referrals we receive do not always confirm the specific type of tax arrangement that may be related to a death or serious injury, meaning that we would have to confer with HMRC to be sure that we had correctly identified the relevant cases.		
	We can confirm, however, that the IOPC has not begun any investigation of its own of a matter referred by HMRC relating to a disguised remuneration or similar scheme.		
	We would recommend that you contact HMRC for this information as they can confirm for each referral whether it related to a disguised remuneration scheme. If we did hold this information it would engage the exemption under section $44(1)(a)$ of the FOIA, which applies when disclosure is prohibited by another piece of legislation.		
	In this case, <u>Regulation 13 of the Customs (Complaints and Misconduct) Regulations</u> 2010 prescribes that the IOPC shall not disclose information provided to it by HMRC that relates to the IOPC's functions under the complaints and misconduct Regulations.		
	Some of the information you require is contained in an IOPC letter of 29 March 2023 to the Loan Charge All Parliamentary Group (APPG).		
	Our letter is available on the APPG website here: Microsoft Word - <u>Microsoft Word -</u> <u>APPG_Loan_Charge_20230323</u>
